Healthy Homes for Community Health Workers Course

This course teaches Community Health Workers (CHWs) how to provide healthy homes information to members of their communities. The Healthy Homes for Community Health Workers course is targeted to individuals who work as health advocates in their communities.

This course trains CHWs to provide one-on-one and large group education on healthy homes, provide general advice about specific healthy homes problems, and be able to recommend healthy homes approaches to be taken by families, landlords and other community members.
