

Sampling Method: _____

What hazards do you use this type of sampling to collect samples for?

- 1. _____
- 2. _____
- 3. _____

What are the basic pieces of equipment needed to perform this kind of sampling?

- 1. _____ 4. _____
- 2. _____ 5. _____
- 3. _____ 6. _____

Describe the 5 basic steps for performing this type of sampling?

- 1. _____

- 2. _____

- 3. _____

- 4. _____

- 5. _____

What are the advantages to using this type of sampling technique?

What are the limitations to using this type of sampling technique?

When is it appropriate to collect this type of sample?

Sampling Method: _____
