

Healthy Homes Assessment for Community Health Workers Exercise 9: Skills Assessment

Date: _____ Training Location: _____

Student Name: _____

Student Signature: _____

Skill Set	Skill Description	Trainer's Initials
#1	Name and briefly describe one of the eight principles of healthy homes. Explain why it is important, and identify actions a renter and/or owner can take related to the principle.	
#2	Accurately and appropriately answer sample questions related to the principle identified in #1. These questions will reflect that type of questions that might be asked by community members.	
#3	Accurately answer sample questions about resources related to healthy housing. Identify resources that are appropriate given the needs and circumstances of the individual asking the question, and provide information about how and where to access those resources.	

I am a trainer for the Healthy Homes Assessment for Community Health Worker course offered on the date and location described above. I verify that the student has demonstrated the skills as described above.
