

Heathy Homes Assessment for Community Health Workers Prioritizing Hazards

A. For each room you assessed, try to list at least three hazards you identified.

General/Indoor Pollutants

1. _____
2. _____
3. _____
4. _____
5. _____

Kitchen

1. _____
2. _____
3. _____
4. _____
5. _____

Living area (if more than one, please specify)

1. _____
2. _____
3. _____
4. _____
5. _____

Sleeping area (if more than one, please specify)

1. _____
2. _____
3. _____
4. _____
5. _____

Bathroom (if more than one, please specify)

- 1. _____
- 2. _____
- 3. _____
- 4. _____
- 5. _____

Basement

- 1. _____
- 2. _____
- 3. _____
- 4. _____
- 5. _____

Exterior

- 1. _____
- 2. _____
- 3. _____
- 4. _____
- 5. _____

Home Safety

- 1. _____
- 2. _____
- 3. _____
- 4. _____
- 5. _____

B. As a group, decide on the top five hazards overall. For each:

- **Specify what makes it a hazard: What are the associated health risks?**
- **Indicate if the health risk is acute or chronic.**
- **Rank it from 1 (most serious) to 5 (least serious) of this of top five.**

1. Hazard: _____
Health impact: _____

Acute Chronic Rank: _____

2. Hazard: _____
Health impact: _____

Acute Chronic Rank: _____

3. Hazard: _____
Health impact: _____

Acute Chronic Rank: _____

4. Hazard: _____
Health impact: _____

Acute Chronic Rank: _____

5. Hazard: _____
Health impact: _____

Acute Chronic Rank: _____
